

PlannedCARE™ Service Program

Oil-Free, Rotary Screw Compressors

Comprehensive Parts and Service Coverage

PlannedCARE™ provides predictable, on-time planned services including diagnostics to catch potential problems, before they result in larger headaches. With a PlannedCARE agreement, you will receive 5-year airend coverage on new oil-free compressors.

Get High Reliability and Improved Performance

- OEM expertise and early detection of impending problems
- Predictive diagnostics for lubricant condition
- Vibration analysis and trending for mechanical condition-based maintenance
- Level, predictable maintenance costs
- Expert technicians keep your equipment tuned for peak efficiency and performance
- Reduce hassle and get peace of mind knowing your preventative maintenance is handled

"With PlannedCARE, I feel good knowing the scheduled maintenance activities are handled with no billing surprises."

We Help You

PlannedCARE agreements can begin at any time during the life of the compressor. To enjoy 5 years of airend coverage, sign up for PlannedCARE within 12 months of startup.

5 Years of Airend Coverage on New Oil-Free Rotary Compressors

How the Power of PlannedCARE Drives Your Maintenance Program

OEM Genuine Parts

Genuine Ingersoll Rand parts ensure your compressor system operates to its specifications. Non-genuine parts are not optimized for pressure drop, thermal conductivity or Ingersoll Rand's standards, which results in decreased performance and excessive operational costs.

Predictive Diagnostics

Utilizing best-in-class technology and big data analytics, your Ingersoll Rand service provider will deliver additional value with predictive diagnostic reports.

Understanding the impact of certain metal content, as well as acidity over time, allows Ingersoll Rand to deliver a condition-based assessment of the oil. When combining the oil analysis trend with vibration analysis trend, the mechanical condition of the aircend can be determined.

Trained Technicians

Anyone can turn a wrench, but knowing your technician is factory certified and trained to the highest safety standards allows you to focus on your core business, while we take care of your compressor system.

Your Requirements to Participate in PlannedCARE:

1. Review and sign an agreement for PlannedCARE scheduled maintenance.
2. Submit a purchase order to Ingersoll Rand.
3. Provide access to the assets identified in the agreement.

AND...

We work on other branded equipment too! Ask your Ingersoll Rand service provider for more information.

RELIABILITY
FOR LIFE

Ingersoll Rand (NYSE:IR) advances the quality of life by creating comfortable, sustainable and efficient environments. Our people and our family of brands—including Club Car®, Ingersoll Rand®, Thermo King® and Trane® —work together to enhance the quality and comfort of air in homes and buildings; transport and protect food and perishables; and increase industrial productivity and efficiency. We are a \$13 billion global business committed to a world of sustainable progress and enduring results.
