# Get the right job done right.

## Ingersoll Rand G1621 IQ<sup>V12</sup> Polisher/Sander

The Ingersoll Rand G1621 IQ<sup>V12</sup> Polisher/Sander is a multi-purpose surface prep and finish tool equipped with a 2-speed gearbox and 2" (50 mm) and 3" (75 mm) backing pads to give you maximum versatility. Whether you're sanding brake rotors, removing gaskets, polishing bumpers or restoring headlights, the 12V multi-tool can go where no cordless polisher/sander has gone before. The quick-change spindle-lock eliminates the need for additional tools so you can get REAL WORK done fast and easy.

Sanding

Polishing

Grinding

Buffing

### Tool Features

#### VERSATILITY

Equipped with a 2-speed gearbox, quick-change spindle lock, r2.0 batteries and a variable-speed switch, the Ingersoll Rand G1621 is the 12 volt cordless polisher/sander you never knew you needed. With just the click of a button, you can get each job done right without sacrificing any time.

#### DURABILITY

The impact and chemical resistant housing protects against repeated drops and exposure to shop fluids so you know it will always be there when you need it. Equipped with a limited-lifetime warranty and built to last, you know you can always count on the G1621 to be trusted time and time again. And again.

#### ACCESSIBILITY

Go where no cordless polisher/sander has ever gone before. The G1621's size allows for use in the tightest spaces and can even reach those next-to-impossible spots, so you can perform even the most detailed detail work.

#### COMFORT

Ergonomic grip for all day use and patent-pending soft mount system reduces vibration, cutting down the force and impact on your hand. Significantly lower noise levels compared to the pneumatic alternatives make ear plugs now optional in the workplace.
