

## Next Generation R-Series 160-250 kW Oil-Flooded Rotary Screw Compressors, Premium Efficiency

Ingersoll Rand works to keep you ahead of your competition with Next Generation R-Series air compressors that boost productivity, lower operating expenses and extend equipment life. Next Generation R-Series air compressors. The intelligence you need—to win.

### Features

- **Innovative Airend:** Revolutionary efficiency in a compact footprint thanks to a patent-pending, semi-integrated airend that leverages a second gear on the drive shaft to optimise compression
- **Decreased Energy Use:** Premium efficiency IE4 motor delivers significant energy savings to lower total cost of ownership
- **Robust Design:** Durable parts like solid hoses, pipe connections with Viton Victaulic couplings, and an innovative separator deliver reliability for the life of your compressor
- **Enhanced Serviceability:** Smart design elements like easy access to user-maintainable components and premium grade coolant reduce maintenance requirements and ensure increased uptime
- **Remote Intelligent Control:** Xe-Series controllers deliver increased functionality through an intuitive user interface, as well as remote access with any common, current web browser
- **Intelligent Uptime:** Integrated with Helix™ Connected Platform, a state-of-the-art system that gives you real-time insights and data to keep your compressor operating at peak performance and ensures uptime.
