

Rb Series 55-75 kW Oil-Flooded Rotary Screw Compressors

Ingersoll Rand Rb-Series air compressors leverage time-tested technology to provide a consistent supply of compressed air to your critical processes. Developed with reliability and productivity in mind, Rb-Series compressors are designed to provide enhanced serviceability to maximize productivity.

Features

- **Enhanced serviceability:** Designed for serviceability with easy access to user-maintainable parts.
- **Trusted reliability:** Three stage oil separation and integrated moisture separator ensures a reliable supply of clean air.
- **High Ambient Operation:** Long-life components are designed to withstand 46 °C maximum ambient temperature
