

Piston Direct Oil-Free

PD4-OF Series compressors deliver true oil-free, Class 0 air for applications ranging from food and pharmaceuticals to chemical, electronics and automotive that demand high-quality air

Features

- Aluminum block housing delivers top performance and long life in a compact footprint
- Stainless steel valves resist wear over time
- Built-in aftercooler minimizes wear and guarantees lowest possible Cold Temperature Difference (CTD)
- Performance rated for ambient temperatures up to 45°C
- Modular system approach provides the flexibility to achieve your desired air purity
- Innovative bare design promotes maximum productivity with minimum maintenance
- Easy servicing on a limited schedule reduces downtime
- Direct-drive design means no energy loss in transmission
- No oil in the system ensures no need for downstream oil separating
- Quiet operation of 77 db(A) and compact size fit virtually any work environment
