

Truck-Mounted Two-Stage Diesel Driven Reciprocating Air Compressor 10 HP

For fleet and field service applications, count on two-stage, diesel-powered air compressors from Ingersoll Rand. Ideal for remote pneumatic applications, emergency production line needs, and other situations where electrical power is scarce, these compressors deliver the air you need, when and where you need it. Featuring truck-bed mounting, these compressors include electronic ignition, idle engine control, a 30 gallon ASME receiver tank, an OSHA approved fully enclosed belt guard and a weather-resistant powder-coat paint finish.

Features

- **Long-Life:** Durable cast iron construction, enclosed belt guard and weather-resistant powder-coat paint finish, designed for over 15,000 hours of trouble-free use
- **Maximum Power and Flexibility:** 100% continuous duty, two-stage pump operating up to 175 psi and a 30 gallon ASME receiver tank provide plenty of punch for the most demanding applications
- **Easy Starting:** Features Yanmar engine with electric start and fuel-efficient idle control
- **Reliable Operation:** All Season Select synthetic lubricant increases efficiency; with 2,000 hours of service between changeouts, it performs four times longer than petroleum-based lubricants
- **Two-Year Warranty Available:** Purchase an All-Season Select lubricant start-up kit, and receive all the parts you need for start-up and the first year of maintenance, along with an extended pump warranty
